

Welcome
Back,
Stu Bear!

The Ecumenical Stewardship Center is pleased to announce that the book *Stu Bear: A Story about Stewardship for Young Children* will be republished in 2018. Loveable Stu Bear was created by the Presbyterian Church USA to teach younger children about stewardship. Recently the Ecumenical Stewardship Center received permission to reprint Stu Bear resources and create new ones using Stu Bear.

In this adorable, full-color book, Stu Bear learns about stewardship from young children as he accompanies them at home, at church, and in the community.

The anticipated release date is November 2018. Join the Ecumenical Stewardship Center mailing list (<https://stewardshipresources.org/join-our-mailing-list/>) to receive updates about availability.
